## **SUPPLEMENTAL JUROR QUESTIONNAIRE**

As a prospective juror in this case, you are being asked to fill out a questionnaire reflecting your personal attitudes and experience. We ask that you complete this questionnaire, to inform us of your present situation and the perspectives you bring to court at this time. The questions are asked not to invade your privacy, but to make sure that you can be a fair and impartial juror *in this particular case*, though questions contained in the questionnaire may have nothing to do with the facts of this case. If there is any reason why you might not be able to listen openly to both the prosecution and the defense, it is important that you say so.

The questionnaires will be viewed only by the judge, court personnel, and the legal teams for the prosecution and defense. At no time will they be made available to the media or the public.

There are no right or wrong answers, only complete and honest answers. Please respond to *each* question as honestly and completely as you can, based on your best understanding of the questions. Do not leave any questions blank. If a particular question does not apply to you, write “N/A” in the space provided for the answer. Upon completion of the

Research includes using the internet or any type of social media to attempt to find further information about this subject or case. Your answers must be your own.** If you need more space for your responses, or wish to make further comments about any of your answers, please use the extra sheet at the back of the questionnaire. Thank you for your patience and honesty.
